WARNING: PHOTSENSITIVITY / EPILEPSY / SEIZURES

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your doctor before playing.

IMMEDIATELY DISCONTINUE use and consult your doctor before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness • eye or muscle twitches • disorientation • any involuntary movement
- altered vision • loss of awareness • seizures or convulsion.

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR DOCTOR.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far a way as possible from the screen.
- Avoid prolonged use of the PS Vita system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

PAUSE AND EXIT TO LiveArea™

To trigger a firework, tap it with your finger as it reaches the top of its ascent. The better your timing, the better score you'll achieve – and the more spectacular your firework display will be.

To earn special bonus items, watch out for fireworks linked together with a chain indicator. Slide your finger along the chain indicator from firework to firework and light up the skies with an amazing pyrotechnic display. If you successfully trigger the chain, you'll be rewarded with a special bonus that you'll need to tap on the touchscreen to activate.

HOW TO PLAY FIREWORKS

Choose one of three game modes and start lighting up the night sky:

TABLETOP

Place AR Play Cards 01, 02 or 03 on any flat surface. Each card represents a house type, the more expensive the house, the more intense the firework display.

AR Play Card 01: The Shack (Easy)

AR Play Card 02: The Cottage (Medium)

AR Play Card 03: The Penthouse (Hard)

You can place one, two or all three AR Play Cards down, depending on your preference.

Fireworks will shoot into the sky from the house gardens. Simply tap the firework to detonate it. If you detonate the firework at its highest point you will receive a score bonus.

INFINITE

Make the crowds say “ooh!” and “aah!” with a non-stop display of spectacular fireworks against any background scenery you choose.

You have three chances to put on the most impressive display possible by triggering all of the fireworks that shoot into the sky – if you miss more than three, the show’s over!

If you’re successful, you’ll be presented with a special challenge to score extra points and receive either a bronze, silver or gold firework to wow the crowds.

CHALLENGES

Face a series of challenges to put on the most amazing fireworks display possible and win bronze, silver or gold medals over three chapters.

Each chapter is split into ten challenges, each more tricky than the last. Each challenge you complete with the required score will unlock the next level – see if you can win gold in every challenge to become a true pyrotechnician!
